additions which were requested. [   ] will purge the
FY 87 and FY 88 INFO databases of duplicate records to enable
the loading of these databases in the NOMAD database so that
end-of-fiscal-year reports can be generated. The duplicate
shipids for the remaining years will be purged by the end of
the calendar year 1988 and those years will then be
transferred to the NOMAD database. There will be no field
validation for office, cost code or hazard for the years prior
to FY 89. However, beginning with FY 89, all records entered
in the NOMAD database will have to meet the field validation

criteria. [   ]

B. PLANNING:

(1) On 25 August 1988 IMSS sent a memorandum requesting
OL groups/divisions/staffs to report significant activities
for FY 88 and a comparison of statistics for FY 88 and FY 87
for inclusion in a video to be prepared by IMSS and P&PG. The
video will be shown during the OL Quarterly for the Fourth
Quarter FY 88 on 3 and 4 November. IMSS also requested
updated milestone charts for the Fourth Quarter FY 88.

(2) IMSS forwarded to OL components copies of the
updated OL Emergency Procedures for insertion into their
copies of the OL Emergency Procedures manual.

(3) In response to a request from the Management
Staff/DA, IMSS compiled statistics regarding OL space
requirements for OL staff and OL contractor personnel,
rotational and assigned personnel from other components, and

commercial contractor personnel. [   ]

C. CLAS:

(1) BOM: Progress continues toward IOC with testing on
the database that was converted from ICS to Bill of
Materials. The testing looks good. The one interface that is
not completed, BOM to ICS, should be completed by COB

31 August. [   ] has been named the data base manager
for the Bill of Materials package.

(2) Funds Control: The installation of Funds Control,
Release 1.3 Beta II, continues and should be finished this
week. We have begun looking at the Funds Control Schemas to
permit us to prepare our 1.3 prototype effort.
